

PENN Alums Supporting Scholarship

Penn Anesthesiology and Critical Care alumnus, **David Guarnieri, MD** and his wife, **Kathy Guarnieri, MD**, generously established the **Guarnieri Scholars Fund** for the Department. David is a graduate of PENN Perelman School of Medicine and of our PENN anesthesia residency and Kathy completed her pediatric anesthesia training at St. Christopher's Hospital for Children in Philadelphia. Both are in a practice in Scottsdale, Arizona. They are great supporters of the Department and of the Perelman School of Medicine and truly understand the importance of creating future leaders in the field. To this end, they have established this fund to send one fellow or instructor to attend a meeting for career development in the areas of leadership, patient safety, quality improvement and/or value enhancement. The first recipient, **Kathryn Hall, MD**, was announced at the PENN Alumni Reception at the [American Society of](#)

[Anesthesiologists Annual Meeting](#) in Chicago on October 22, 2016.

Alums may be interested in donating to the [Anesthesiology and Critical Care Resident Mentorship Fund](#) or our [special lectureships](#) to support continued scholarship at PENN:

The [Anesthesiology and Critical Care Resident Mentorship Fund](#) supports the **Future of Anesthesiology Program**, which sets Penn Medicine's residency program apart as a national leader in training. The program provides our residents with tools such as leadership training, coaching on difficult conversations, and other topics that are not typically available through the course of a residency program. Philanthropy from our resident alumni is what created this program, and your support will allow Penn's program to continue to be one of the nation's leading anesthesiology and critical care training programs in the nation and to grow the future leaders of our discipline.

[Special lectureships](#) in the Department include:

- **James E Eckenhoff Lectureship**
- **Josephine "Pina" Templeton Lectureship**
- **Stephen J. Prevoznik Lectureship on Leadership**
- **Brett Gutsche Lectureship on Obstetrical Anesthesia**
- **Harry Wollman Lectureship**
