This process can be used to record course attendance in Knowledge Link using the RollCall web application. A magnetic stripe reader must be attached to the computer or laptop in order to use this process.

1. Log in to RollCall:
   A. [https://upenn-rollcall.hcl-cloud.com/#/login](https://upenn-rollcall.hcl-cloud.com/#/login)
   B. Login using your Username and Password

   If you do not have a username and password, contact your local Knowledge Link Administrator.

2. RollCall Dashboard Overview
   A. Total count of available Course Catalog Items
      • Provides the ability to search the course catalog for an item or scheduled offering.
   B. Total count of courses that you are linked to as an instructor, that have not started yet
   C. Total count of courses that have begun taking attendance but haven’t been submitted yet
   D. Overview of badge swipe/submission history
   E. High level overview of RollCall usage
3. Select “Not Started Sessions.”

4. Search for the course you would like to take attendance for using the title/date fields.

5. Select the scheduled offering.

6. When you are ready to start swiping, click “Start Attendance,” then click “Swipe Badge.”

*** If the participant doesn’t have an ID badge, or if the badge is not swiping properly, skip to step #9. ***
7. Make sure your cursor is in the box, and begin swiping:

![Add Attendee via Swipe]

8. Confirm that the swipe worked by checking that the participant’s Attendance Status changed from “Registered” to “Active.” Continue Swiping.

![Attendance Status Change]

9. If the participant doesn’t have an ID badge, or if the badge is not swiping properly, click “Record E-Signature.”

![Record E-Signature Option]

10. Search for the participant using first name, last name, Penn ID, or Penn Medicine email address and press Enter. When you find the learner, click the circle on the right hand side, select the attestation at the bottom, and click Accept.

![Select Learner]

Continue the swiping/recording e-signature check-in process until everyone who is present has an “Active” status.
11. For Multi-Segment Scheduled Offerings (courses that are more than 1 day), repeat the steps above for each day of the course, toggling to the correct day before swiping. See example below of a 3 day course (Tuesday, Thursday, and Friday). The Overview tab will show you a comprehensive list of participants who successfully swiped in on each day of the course.

12. Drop or mark participants as no show, as required:
   A. To drop participants from the class, check the box next to their name, choose “Drop Selected Attendees” from the drop-down list, and click “Submit.” In Knowledge Link, their status will show as “Course dropped by Administrator.”

   B. To mark participants as a no show, check the box next to their name, choose “Make Selected Attendees NoShow” from the drop-down list, and click “Submit.” In Knowledge Link, their status will show as “No Show.”

13. When all days of the course are complete, and participants have been made “Active,” “Dropped,” or “No Show,” then you are ready to submit credit to Knowledge Link. To do so, click “Submit to LMS.” If you are recording attendance for a multi-day course, you will need to be on the “Overview” tab.
14. Confirm you want to submit to the LMS by clicking “Accept.”

Learners can expect to view their course evaluations and/or course certificates in Knowledge Link approximately one hour after credit is submitted in RollCall.
Addendum: Additional RollCall Functions

- Clicking “Cancel Session” through RollCall will not cancel the scheduled offering in Knowledge Link. This button will only cancel all attendance progress up to that point, and remove the scheduled offering from the Instructor’s list (“Not Started Sessions” section of the dashboard).

- Clicking “Clear Attendance” through RollCall will delete all attendance data, but leave the scheduled offering on the Instructor’s List.

- Don’t see your scheduled offering under the “Not Started Sessions” section? You need to find the offering and assign it to yourself as the Instructor.
  a. From the dashboard, click “Select And Assign.”
  b. In the search bar, type the scheduled offering ID and press Enter.
  c. When you see your offering, check the box and click “Assign Courses to Instructor.”
  d. The scheduled offering for that course will now appear in the “Not Started Sessions” section.
