## KN@WLEDGE**LINK**

## Starting May 26, your Knowledge Link learning plan will be redesigned!

Why is this Important?

You may have trouble finding courses and pages until you get used to the new design. Your courses will be rearranged into categories on your learning plan. In addition, My Team and other pages will be moved to new locations and will have a redesigned user interface.

Note: You can temporarily turn off the new design (see image below), but it will be reset periodically and will become permanent in November 2025. *We strongly encourage you to get used to this new design now.*

Where are my courses? Your course

Your courses will be separated into sections. Some sections may be hidden until there is relevant content.

**Required Learning** contains all learning assigned as required. Warnings will appear if courses are due soon or overdue. **Please note:** *Be sure to click "View All" to see all your required learning.*

Invest in Myself, Latest Bookmarks, Suggested for Me: These sections contain self-

assigned learning, learning that you bookmark, or learning that has been recommended to you by your manager, your peers, or administrators.

## Where are other pages?

Your learning history, curricula, learning reports, etc. are now available in a drop-down menu in the upper-right, as shown below. **New feature:** *You can now download your own learning history to a PDF directly from the learning history page!*
